

# Martin Health Department to conduct community meeting

By staff report

GOLDEN GATE — The Martin County Health Department is inviting residents in the neighborhood of Golden Gate to a community meeting from 6 to 8 p.m. Thursday at Lamar Howard Park, Southeast Ellendale Street, Stuart.

The PACE-EH group and the Health Department recently completed a community survey and identified a number of Environmental Health issues ranging from resident safety to litter throughout the neighborhood. Special guest speakers include representatives from Martin County Code Enforcement and the Solid Waste Department.

Working in conjunction with local partners, the Health Department is leading a PACE-EH (Protocol for Assessing Community Excellence in Environmental Health) project in the neighborhood to identify and assess community environmental health issues.

For more information, about the project and the upcoming community meeting in Golden Gate, call Nathan Stentiford (772) 221-4090.
