

Donald Mullins

Mr. Mullins was appointed to the Board of Medicine to serve as a consumer member on November 18, 2008. He will serve a 4 year term. He is married with 2 children. He is the Program Administrator of the Health and Medical Programs Office for The O'Gara Training & Services Division. Mr. Mullins is also the owner of the Chorem Group, LLC, a grassroots and community based consulting firm. His interests include Florida history, foreign medical missions, and the outdoors.

Mr. Mullins applied to become a Board Member because he believes that all citizens are called to serve their community. Since working on the public side of the healthcare industry he has seen the ramification in good and poor healthcare organization. He believes his tenure on the board will allow him to be a steward of the system.

Mr. Mullins sees medicine moving forward technologically, with new discoveries in treatments coming from within Florida. He also sees care being more individualized with a renewed focus on the neighborhood provider.
